

GREAT FUTURES START HERE at the Halls/Powell Club

While the majority of children in the Halls & Powell area are not economically disadvantaged, they come from homes where both parents work. As a result, these children are often at home by themselves for several hours before their parents return from work. The Boys & Girls Club offers these children supervised activities in an environment that is safe and caring.

Through the Boys & Girls Clubs, young people are shown that someone cares and wants them to become active, productive citizens in their community. Furthermore, the presence of Boys & Girls Clubs results in a reduction in overall drug activity and juvenile crime.
